Euripides

by Euripides (480-406 BC)

Translated by Gilbert Murray (1866-1957)

Euripides' tragedy focuses on the disintegration of the relationship between Jason, the hero who captured the Golden Fleece, and Medea, the sorceress who returned with him to Corinth and had two sons with him. As the play opens, Jason plans to marry the daughter of King Creon, and the lovesick Medea plots how to take her revenge.
